

Advocacy Task Force

I. Advocacy Task Force Objectives

This Task Force will focus on advocating for interprofessional education in current curriculum and practice settings, as well as finding sources of funding to support Chapters. This group will find ways to promote NaHSSA's key messages and additionally, focus on fostering regional partnerships within education, the government and practice environments.

- *Developed at NaHSSA Chapter discussions on March 22nd 2009. Approved by task force on May 4th 2009.*

II. Advocacy Task Force Terms of Reference

- The Advocacy Task Force will meet once per month via teleconference.
- Contributions by each and every task force member will be valued and supported.
- Decisions are made by consensus by those members present at monthly teleconference meetings.
- Distributed documents should be approved and revised by task force members as needed within one week.

- *Created & approved by task force on May 4th 2009*

III. Advocacy Task Force Outcomes

- Create recommendations for students, clinicians, researchers, educators, administrators, policy makers, and the general public as per advocacy objectives.
- Create guidelines for students, clinicians, researchers, educators, administrators, policy makers, and the general public as per advocacy objectives.
- Create and build partnerships with those of similar aim.
- Develop resources & templates to support these guidelines, recommendations, & outcomes.
- *Created & approved by task force on May 4th 2009*
